

Dealing with Complaints Policy

QUALITY AREA 6: PARTNERSHIPS WITH FAMILIES AND COMMUNITY

QUALITY AREA 7: GOVERNANCE AND LEADERSHIP

Policy Statement

Feedback from families, children, educators, staff and the wider community is fundamental in creating an evolving Childcare Service working towards the highest standard of care and education. It is foreseeable that feedback will include divergent views, which may result in complaints. This Policy details our Service's procedures for receiving and managing informal and formal complaints. Families, children, parents, visitors, students and members of the community can lodge a grievance or complaint with management in the understanding that it will be managed conscientiously and confidentially.

Background

The *Education and Care Services National Regulations* requires approved providers to ensure their services have policies and procedures in place for dealing with complaints (Regulation 168) and take reasonable steps to ensure those policies and procedures are followed (Regulation 170).

We believe that children's safety, rights, and best interests are the paramount consideration for all Service operations, decisions and functions.

We aim to investigate all complaints and grievances with a high standard of equity and fairness. We will ensure that all persons making a complaint are guided by the following policy values:

- procedural fairness and natural justice
- code of ethics and conduct

Child safe complaint culture

- culture free from discrimination and harassment
- transparent policies and procedures
- opportunities for further investigation
- adhering to our Service philosophy

Strategies

Procedural fairness and natural justice

Our Service believes in procedural fairness and natural justice that govern the strategies and practices, which include:

- The right to be heard fairly

- The right to an unbiased decision made by an objective decision maker
- The right to have the decision based on relevant evidence.

and wellbeing of children by:

- supporting healthy sexual development (age-appropriate sexualised behaviour)
- protecting them from harm or abuse (inappropriate or problem sexualised behaviour).

Note that in some cases, sexualised behaviour involving children may fall within reporting requirements under other laws.

Implementation

Grievances and complaints can transpire in any workplace. Complaints help our service identify problems and provide opportunities to address these appropriately and effectively to sustain a child safe, healthy, harmonious and productive service environment. Our *Dealing with Complaints Policy* ensures that all persons are presented with procedures that:

- value the opportunity to be heard
- promote conflict resolution
- encourage the development of harmonious partnerships
- ensure that conflicts and grievances are mediated fairly and are transparent and equitable.
- appropriately handle children exhibiting harmful sexual behaviours
- promote children's rights, safety and wellbeing
- consider a child's age, cultural, developmental and additional needs

Our Service is committed to the National Principles for Child Safe Organisations and adopts a child safe approach to complaints involving a child or young person. As a child safe organisation, we will respond promptly and systematically to any concerns, disclosures, allegations or suspicions while fostering an environment where children feel confident that their safety and wellbeing are paramount. Our Service ensures our complaint processes are easily understood by children, young people and families and are accessible, effective and culturally safe. Educators teach children about the complaints process so they know who to talk to if they want to make a complaint. We ensure complaints are taken seriously, addressed promptly and thoroughly, and comply with all legal obligations.
